Cameras and Equipment

As well as Photography, B.V. Photo Imaging is also in the business of selling experienced and vintage cameras and equipment. Whether you are a relative newcomer to photography or an experienced veteran looking for something special, B.V. Photo Imaging might just have something you are looking for; please contact B.V. Photo Imaging for further details...

Photo Restoration

Do you have an old photo that has seen better days? Perhaps it is a photo of something or someone in your past that you would prefer to cherish for years in the future? And maybe, like everything else in life, that photo has succumbed to the ravages of time and the wear and tear of constant exposure to the elements?

Well B.V. Photo Imaging can help you with that. Whether the problem is faded color, or perhaps a major scratch, or maybe the photo has water damage, or a coffee stain right in the middle of it — B.V. Photo Imaging has the experience and expertise to restore photographs to their former glories.

Just give the damaged article to B.V. Photo Imaging and let Robert C. George work his magic — in no time at all you can be enjoying those fond memories like they were always perfect.

Because that's the thing about fond memories — they should always be Picture Perfect !
